

Equipment Access

NADA can provide complete bow boxes for sale —or rent by the week \$125) or month (\$250).

Genesis Compound Bow Box

A typical 12-count bow box contains 12 recurve or Genesis compound bows, 12 quivers (each with 6 aluminum arrows), armguards and fingers tabs, plus accessories. Bow boxes can contain your choice of bow weights and sizes.

Equipment Discounts

NADA provides equipment access for program directors and instructors. Optional NADA membership provides you with supplemental liability insurance and 20% discount on equipment purchases.

NADA Bow box contains everything you see here, including an SKB container that converts to a floor rack when open.

Recurve Bow Box

Getting Started

Call or email NFAA to order materials and schedule your *ASAP* training. We'll arrange for a course instructor to contact you to acquaint you with the program. If you are already a certified archery instructor through NFAA, USA Archery or NASP, there are no additional training classes to take.

If you are already a certified archery instructor, you can visit www.goarchery.com and take the online training course prior to ordering materials.

Optional 48" foam target mats are available for \$249.00 each plus shipping

Become a Certified Instructor

If you are not already a certified archery instructor, contact NADA to schedule a training. They facilitate the training of Universal Basic and Intermediate certification that is recognized by both NFAA and USA Archery.

Visit www.teacharchery.org for details and training schedules.

Youth target archery program of the National Field Archery Association

After School Archery Program

There's nothing like archery for getting a kid excited about recreation. *ASAP*, a youth after school archery program of the NFAA, combines proven teaching techniques with lesson plans, instructor training and easy equipment access.

ASAP is your ticket to running an effective after school program your participants will love.

ASAP is great in schools as an addition to in-school programs currently being run, or as a stand-alone program with options on equipment access and scoring games. *ASAP* is your connection to the wide world of tournament archery through the NFAA.

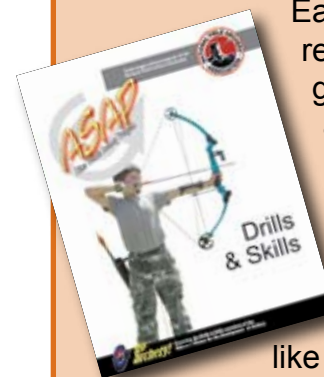

Awards

Awards are great motivators, and *ASAP* is full of them. Each participant starts with a cloth shoulder patch. As they progress as archers, they can earn additional patches and awards as their skills develop.

The accompanying Drills & Skills training materials provided by NADA, adds additional awards they can earn.

Student Skills Guide

Each participant receives a student guide called "Drills & Skills" that has the lessons and achievement levels to teach proper shooting form just like top archers use in world competition.

The guide is fully illustrated and makes learning fun. An instructor guide is included with your first order of student guides. The instructor guide teaches you how to structure your program training using the Drills & Skills student booklets.

Produced by NFAA's instructor training facilitator, NADA (National Alliance for the Development of Archery), the Drills & Skills help structure the program schedule, and will speed up the training process for the program participants.

Many of the skills can be learned in just a few minutes, leaving plenty of time for shooting and NFAA competition scoring.

Club Structure

An NFAA *ASAP* program is very inexpensive to start and maintain.

Club dues are \$25 per year, and includes membership in your state NFAA Chapter, eligibility in all NFAA youth and adult tournaments, and the official NFAA bi-monthly magazine *Archery*.

Drills & Skills Student guide, program patch, and initial 3 awards are \$5 additional per participant. The first Drills & Drills instructor guide is free when you order 12 student guides.
